TRAINING DELIVERY METHODS

When we think about training for knowledge, we're referring to helping our delegates understand the contents through effective training delivery methods, enabling the message to be absorbed, retained and practised by them.

Choose any of the proven to suit your training needs and align with your
SAFETY GOALS.

**Training at
RelyOn Nutec Training Centres**

**In-house or
On-location Training**

**Virtual Training or
E-learning programs**

More than 200 selection of courses for your business, specialising in **fire fighting & emergency response, skill development, personal safety & survival, health & safety and drilling & well engineering.**

Enrol to any of RelyOn Nutec scheduled courses or set a training date at your convenience

HSE 4.0 for 4th IR and the New Normal Competence Assessor (OPITO Approved)

**Mercury Awareness Training
Crisis Management**

SCBA Safety and Control Team Member (TPTI / RelyOn Nutec Approved)

Each business has their own requirements and objectives to achieve. Let our team of experts to help you develop specific training programs for your business for **in-house, onboard or on-location training.**

Deliver the training in your own environment to **reduce training cost and increase competency matrix compliance.**

Customised and tailor-made courses

In **virtual training**, delegates can interact with the instructors and will be assessed at real-time during the session. The theory elements will be delivered via online webinars and the practical elements to be completed at any MSTS Training Centre.

View over 100 available e-learning program at www.relyonnutec.com

From individual awareness to workplace safety training, we got you covered.

Have own training programs to convert to e-learning? Let us help you achieve your target!

*For full list of courses and requirement, contact us:

Phone Call: +66 02 703 9773-4 Email: bookings@th.relyonnutec.com Website: www.relyonnutec.com

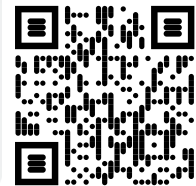

E-LEARNING PROGRAMS

We recognise the importance of staying up to date with the latest developments in the digital age. New tools and approaches, such as 3D digital platforms, digital learning and blended training are making the training experience increasingly realistic.

E-LEARNING PROGRAMS HIGHLIGHTS

- Authorised Gas Tester (OPITO Approved)
- Gas Monitoring (OPITO Approved)
- Transportation of Dangerous Goods by Sea
- Hydrogen Sulphide (H₂S) Awareness
- Workplace Hazards and Personal Safety
- Fire Warden and Fire Safety Awareness
- Confined Space Entry
- Slips, Trips and Falls
- Life Saving Rules
- Slips, Trips and Falls
- Scaffolding Awareness

Scan here to browse
for more e-learning
programs

BESPOKE E-LEARNING

Our in-house creative learning team design and build all of our off-the-shelf e-learning programmes, but they're also on hand to create beautiful, interactive e-learning, safety videos or site inductions for your business.

*For full list of courses, visit www.relyonnutec.com or contact us:
Phone Call: +66 02 703 9773-4 Email: bookings@th.relyonnutec.com

WHAT IS TMS?

RelyOn Nutec training management services (TMS) help maritime, oil and gas, wind, and industrial companies **manage their training and licensing, while reducing administration costs** and ensuring compliance with ever changing industry standards and regulations. We focus on managing the organisation's training and licensing needs so that the organisation can focus on their core activities.

HOW TMS WORK?

1. TAILORED

TMS packages are tailored to the needs of your business

2. ORGANISED

TMS consultant follows up and communicates directly with each of your teams, to help source and book the right course

3. MANAGED

You get a full overview of both completed training and any existing gaps

4. OVERVIEW

All invoicing is seamlessly managed by your TMS support team and communicated and tracked

SIMPLE & TRANSPARENT COST STRUCTURE

START UP

- Project Management - Structured
- Senior Consultant
- Consultant - Implementation
- Development / IT Support - Support

MONTHLY SUBSCRIPTION OR LICENCE

- Base price per year:
 - Base cost based on organisation size
- Per employee per month (month)
 - Certificate and competence management
 - Training management
 - Digital procedures
 - Planning, Control of Work and execution

ONGOING CONSULTANCY SUPPORT

- Consultancy work
- IT development (dashboard and reports)

WorkSafe® is an electronic, paper-based or hybrid Control of Work system which has been developed following a unique collaboration between subject matter experts and a dedicated software team, using the latest programming techniques for development.

WorkSafe® is relied upon by over 30 facilities worldwide and has been successfully used in the Middle East since 2006. WorkSafe Control of Work has evolved over time following direct feedback and input from our clients and from the wider industry.

WORKSAFE® MODULES

Task Risk Assessment

The WorkSafe® Task Risk Assessment (TRA) module enables clients to identify hazards and implement controls to ensure residual risk As Low as Reasonably Practicable (ALARP).

Operational Risk Assessment

The WorkSafe® Control of Work Operational Risk Assessment (ORA) module ensures that robust arrangements are in place to identify and evaluate major accident hazards.

Permit to Work

The WorkSafe® Permit to Work module is a formal recorded process used to control work which is identified as potentially hazardous and can be provided as a paper-based or electronic solution.

Conflict Manager

The WorkSafe® Control of Work Conflict Manager allows privileged system users to avoid conflicting work activities by moving work to a more suitable time.

Energy Isolations

The WorkSafe® Energy Isolations module ensures that hazardous equipment is properly isolated and not able to be started up again prior to the completion of maintenance or servicing work.

Graphical Planner

The WorkSafe® Control of Work Graphical Planner provides a multi-level visual overview and Permit and non-Permit maintenance work to assist with planning work to be undertaken and to minimise conflicts.
