

# GWO BASIC SAFETY TRAINING

Course Catalogue

MSTS Asia Sdn Bhd (502823-K)

## Reach New Heights in Safety

Our suite of training courses caters for individuals and businesses working across every stage in the development of a wind farm: from onshore construction through site survey, installation, commissioning, operations and maintenance through to the final safe decommissioning.

As the first training centre approved by Global Wind Organisation (GWO) in Malaysia, MSTS Asia is fully approved to deliver all five modules of the Global Wind Organisation's (GWO) Basic Safety Training Standard.

# BASIC SAFETY TRAINING STANDARD

The GWO Basic Safety Training (BST) provides delegates with important skills, which include Fire Awareness, First Aid, Working at Heights and Manual Handling. To enable delegates to work in the offshore environment, an additional GWO Sea Survival training shall be completed. Upon completion of the GWO Basic Safety Training (BST) delegates will possess an awareness of the hazards encountered when working within the wind industry and how to control and mitigate these hazards.

All the modules can be taken together in single training of BST (Offshore or Onshore), or the modules can be taken separately.

## Courses and Modules

Basic Safety Training - Onshore	5 days
Basic Safety Training Refresher - Onshore	3 days
Basic Safety Training - Offshore	6.5 days
Basic Safety Training Refresher - Offshore	4 days
