PLANT MANAGER / INCIDENT COMMANDER FOR HAZARDOUS INDUSTRIES

Target Group

The target group for Plant Manager/Incident Commander for Hazardous Industries is personnel who are either designated as being in charge of, are members of, or provide support to an incident management team in an emergency.

Course Aim

To equip personnel with formal training in command, control, communications and stress-related factors in the management of major emergencies. In addition, this programme also provides initial emergency incident management training for personnel who are undertaking a training and competence programme to progress to the role of a Plant Manager/Incident Commander.

Duration

4 Days

Validity

No expiry

Pre-course Requirement

Delegates should hold the position of Plant Manager, Incident Commander or designated to hold these positions dependent on assessment outcome and prior learning achievements. Sufficient additional personnel need to attend to facilitate the make-up of the other key members of the control room. Proficiency in written and spoken English is a must.
